

KEVIN JOHN GALLAGHER

Building a faster, better, *smarter* workplace.

Experienced conference speaker
and business workshop presenter.

A world leader in **Agile and Digital Transformation**, Kevinjohn has used his Celtic brand of honesty to work with global organisations such as the BBC, Microsoft, Burberry, BP, Cisco, Samsung, AT&T and McKinsey Consulting.

An Executive member of the **British Interactive Media Association**, Kevinjohn is a strong advocate for Open Source adoption. He has spoken around the world, helping people to grasp the power of achievable '**Patterns of Excellence**'.

Most requested topics:

The future was yesterday

What got us here, won't get us there... but where are we going?

Asking better questions

Gaining greater understanding, transparency and control in your life & business.

What is Digital Transformation?

The most overused buzzword of the last 5 years, demystified.

Remote working for winners

Do you still believe that the best people just happen to live down the road?

The Enterprise is under attack

Overcoming legacy issues affecting People, Process, Products.

Improving happiness through habits

The key to any transformation is creating long lasting 'Patterns of Excellence'.
